

Neighbourhood Engagement Commitment

Department	North Bournemouth Neighbourhood Policing Teams
Period covered	October 2025 – March 2026

Our Vision

To create a safe county for everyone – this sits at the centre of our policing purpose and is at the foundation of everything we do.

Our Purpose

Our Purpose is very clear – we are tough on crime, we keep people safe and we put victims first.

These three elements are at the core of our day-to-day activities and they help us to guide our decisions and identify our priorities and future direction. Our purpose will help us to achieve our vision and will bring us closer to all communities, partners and visitors.

Our Priorities

To achieve our Vision and Purpose we have six priorities, which cut across all workstreams and areas of business for the Force:

- Relentless pursuit of criminality
- Putting victims first
- Exceptional local policing
- Ethical and inclusive
- Innovating, transforming, and improving
- Enabling people to deliver excellence.

Local Policing Priorities for the reporting period (in no order of priority)

- Our most up to date NPT Priorities are listed on our webpages: [Bournemouth North East](#) or [Bournemouth North West](#)

Further to these priorities, Neighbourhood Policing Teams daily scan the reported incidents, crimes, and intelligence to focus on what is important to their communities. This information informs our daily patrols, 'Hot Spot' Policing for ASB, and our engagement plans to ensure we maximise opportunities to have the right resources in the right place and at the right time. More detail can be found on our webpage here: [Bournemouth North East](#) or [Bournemouth North West](#)

We will engage with our communities by holding face-to-face events

- The team will commit to at least one face-to-face Public Engagement per month.
- We will update our Web Pages every three months, with our current priorities.
- We will advertise our public engagements on our website, including the time, date, and location, and on our social media platforms.
- We will ensure our seldom heard groups are heard and engaged with when appropriate.

We will develop and increase the effectiveness of our digital engagement

- We will commit to one Facebook Live event per year.
- We will continue to engage with our communities through online platforms when necessary. This could include Teams/Zoom meetings.

We will improve and increase our use of social media to engage with the public and keep them informed

- We will advertise our public engagements on our social media channels.
- We will use social media to update our communities on our priorities, local issues, good working, advice and what we are doing locally.
 - You can view our social media channels here: [Bournemouth Police](#)

We will consult and engage with our communities to make them integral to the decisions we make

- Bournemouth North Neighbourhood Policing Team will continue to engage with our communities and complete ‘Public Priority Surveys’ in 2025/26. These surveys help to inform our decisions on our Local Policing Priorities
- We engage with partner agencies at regular meetings to work together to solve and address issues within our communities.
- The team will continue to attend other partnership working meetings, including the Youth at risk Meeting when possible.
- We will consult with our town/parish councils on a regular basis, every quarter, as a minimum.

We will increase and broaden our engagement across all communities ensuring we are inclusive of seldom-heard communities

- We continue to gather KCCs (Key Community Contacts) who represent the diversity within our communities, can speak for their communities and help us improve the service we provide.
- We will continue to consult with our KCCs and will engage with our seldom heard groups when possible.

Neighbourhood Policing Team

You can find out who your local NPT officers are via our webpages: [Bournemouth North East](#) or [Bournemouth North West](#)

Neighbourhood Inspector

Inspector 2901 Scott Janes

Neighbourhood Chief Inspector

Chief Inspector 2504 Darren HARRIS
